

I am a licensed amateur, General Class, call sign KC2JDY. I am not a member of FISTS.

Although I have not advanced much beyond the 5WPM I demonstrated on my test, I support the FISTS petition. It is the most fair and accurate petition on this subject so far.

CW should be supported and promoted. It is the disaster mode of last resort. The equipment needed is simple and inexpensive. It needs 1/20 of the power of phone (voice) to be copied.
